

# Drainsafe™ DS 360/DS 360 M Mud Ring Installation Sheet

## FOR USE ON 5 TO 8 INCH DIAMETER SUMPS.

Glue using a medium based PVC glue or water resistant adhesive.

Be certain the mud ring is secured to the sump by watertight adhesive or Glue (medium based PVC) or Mechanical Fasteners as well as via surfacing materials. Apply surfacing materials in a level, smooth area extending out beyond the mud ring a minimum of 12 inches surrounding entire sump. This will ensure proper placement of the Drainsafe™ DS 360/360 M on the pool/spa surface.

**NOTE:** Do not start pump(s) if Drainsafe™ DS 360/360 M anti-entrapment type cover is not flush with pool/spa surface. Entrapment potential could exist if not installed correctly.

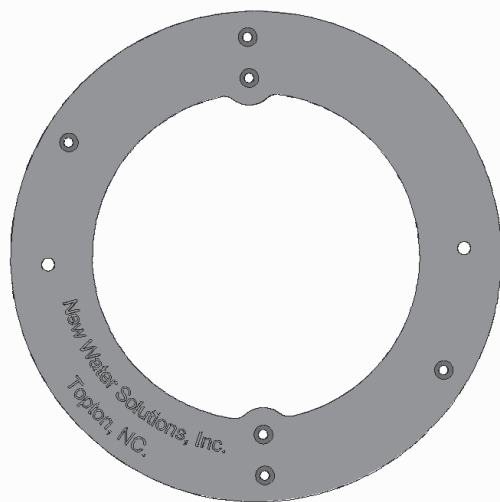

**DO NOT USE IN VINYL LINER APPLICATIONS or WHERE THE MUD RING IS NOT FLUSH WITH SURROUNDING SURFACE.**

### Flange in down position to use as Mud Ring

Bond to existing sump using; watertight adhesive or Glue (medium based PVC) or a suitable screw-through method. As installing the Drainsafe™ DS 360/360 M using the supplied Uni-Screws 8 X 1-1/2 and 8 X 2 screws to fasten the Drainsafe™ DS360/360 M into and through the mud ring and into the existing sump.

**Note:** it is recommended to use the cohesive technique as well as the screw through method.

### Flange up position to use as Adapter Ring

*This side only says: New Water Solutions, Inc., Topton, NC*

Prior to plaster application, secure adapter ring to the existing sump using the 4 supplied Phillips head type screws. Then attach the Drainsafe™ DS 360/360 M cover per supplied instructions from the Drainsafe™ DS 360/DS 360 M package. Keep this sheet for future reference.

*Use only supplied hardware or 316 Grade Stainless Steel screws.*

**NOTE:** Do not start pump(s) if Drainsafe™ DS 360/360 M anti-entrapment type cover is not flush with pool/spa surface, **SURFACE AROUND Drainsafe™ DS 360/360 M MUST BE FLUSH WITH BOTTOM OF UNIT.** Entrapment potential could exist if not installed correctly. Ensure no gaps around the outer edge.

**NEVER LEAVE A CHILD ALONE BY WATER, ANY WATER.**
